

HONOR 表面卷取分条复卷机

Slitting and Rewinding Machine For Surface Rolling

纸管分切机(自动)

Paper core cutting machine (automatic)

纸管分切机 (手动)

Paper core cutting machine (manual)

纸管卸机

Paper core Loading & Discharge machine

使用范围及特点

本机适用于卷筒纸、塑胶片、铝箔、PVC、塑料薄膜、绝缘材料等包装材料的分条复卷是对材料进行细小规格分切的理想设备。

1. 主机配有变频调速，放卷采用自动张力控制。
2. 放卷自动光电纠偏、三电机中心卷取与表面接触并用，双轴交叉收卷，永不咬口。
3. 有预置自动计米，报警停机等功能。
4. 圆刀纵切废边自动排除（可选直刀分切装置，可选配）。

PERFORMANCE AND CHARACTERISTICS

This machine is suitable for slitting rolling materials such as paper, aluminum foil, PVC, plastic film, insulation material, etc.

1. This motor is equipped with frequency converter timing device, automatic tension control system for unwinding.
2. photoelectric auto error-correction , three motor for controlling the center rewinding can be touched with surface, double shafts rewinding interlaced without meeting.
3. It also has the function of meter can be counting setup in advance and auto stop working.
4. waste automatic slit by round cutter (Can use razor blade device as optional).

主要技术参数 Performance And Characteristics

型 号	Model	HONOR-900D	HONOR-1100D	HONOR-1300D
放卷最大宽度	Max. width of unwinding	900mm	1100mm	1300mm
放卷最大直径	Max. diameter of unwinding	1400/800mm	1400/800mm	1400/800mm
收卷最大直径	Max. diameter of rewinding	550mm	550mm	550mm
分切最小宽度	Min. width of slitting	5mm	5mm	5mm
整机功率	Total power	17kw	17kw	21kw
机器	Weight (approx.)	4000kg	4200kg	4400kg
外型尺寸	Overall dimension (L×W×H)	3600×2300×1600(mm)	3600×2500×1600(mm)	3600×2700×1600(mm)
